

# Hayden Jarvis

## Registered Plant / AICIP Inspector / LEEA Inspector

### Profile

Hayden is a local Goldfields resident and has resided in the Goldfields region all his life. With a background predominantly in the Mining Industry, Hayden has held various positions over a period of time.

Owning and directing a successful Electrical Contracting business for 13 years is inclusive in Hayden's 17 year work profile, gaining extensive experience in the Mining, Processing and Exploration industries. The past 5 years has seen Hayden working in a Technical advising / Plant Inspector role, working closely and developing a fluent and intimate knowledge of applicable Australian Standards, the outgoing MSIR 1995 and the incoming WA WHS Mines and General Regulations 2022

Hayden's vast range of experience in Mining / Processing and Business Management has given him the determination to assist, advise and actively engage with clients in all aspects involved with Registered Plant and Inspections.

Hayden demonstrates an excellent knowledge of the Work Health and Safety Regulations 2022 and various Australian Standards pertaining to Registered Plant. As such, Hayden has conducted many Inspections, Risk Assessments, Procedural work and Technical support for clients both in a Mining and General capacity.
